The interface includes a 'Run summary' tab, a 'Test results' filter, and an 'Update comment' button. The summary section indicates the run is completed 5 minutes ago, ran for 794 milliseconds, and was automated by 'myproject Build Service (oduser210730)'. The tested build is '20221010.7'. The summary also lists various attributes like Release, Release Stage, Build platform, Build flavor, Test settings, and MTM lab environment, all of which are 'not available'. The 'Comments' section is empty, and the 'Error message' section also shows 'No error message'. The 'Attachments (1)' section lists 'TestResults_22.zip' (1K, 4 minutes ago). The right side of the summary features four charts: 'Outcome' (a donut chart showing 1 passed), 'Outcome by priority' (a bar chart showing 1 passed), 'Outcome by configuration' (a bar chart showing 1 passed), and 'Outcome by failure type' (a bar chart showing 0 failures). The bottom of the screenshot shows the URL: [myproject/_testManagement/runs?_a=runCharts&runId=22&runId=22&_a=runCharts](https://myproject._testManagement/runs?_a=runCharts&runId=22&runId=22&_a=runCharts).
